Welcome to our Create a Vision Female Sale!

Thank you for looking at and considering our program and genetics. As a family we are very proud of the cattle we are offering in this sale. It's an event to showcase our program and the ***Vision We Are Creating*** with these females.

We encourage you to look through the whole set. When you consider the whole, you should get a vision for our family's breeding philosophy & methods, the consistency of our cattle in both phenotype and genetics as well as the reasons we encourage you to ***Create a Vision for your Cow Herd.***

The cattle we have on this sale represent our commitment to a disciplined and balanced breeding approach using phenotypes, genetics, maternal function and performance. Simply it's using past results to guide our genetic selection to continue and improve our path of success and not deviate to something not in our wheelhouse.

We invite you to come see these females as well as the bulls being developed for our March 1st sale at our headquarters 1 mile north of Amherst, CO. We're excited to host our October 24th Fall Female Sale at the Beef Barn of Vision Angus in Holyoke, CO. The Beef Barn is our new store and kitchen. We plan to welcome you with great food and drinks for the sale featuring Vision Angus Beef.

As we rebuild the nation's beef herd join us October 24th in creating a vision for a profitable, functional cow herd.

Sincerely,

Brent & Tina, Austin & Sarah, Alex

Create A Vision FOR YOUR COW HERD

To **"CREATE A VISION"** is to chart a course. Like navigation tools used by sea captains to our use of navigation apps on our smartphones today, creating a vision is creating a planned direction.

We think this is important in today's world of high input prices and extreme volatility to be very cognitive of the design of a cow herd – whether it's purebred or commercial. Unfortunately, distractions are a big part of our lives now. We are bombarded with information, ideas, marketing and chaos. No matter what we are trying to do with our business, life or cowherd; we are constantly being pulled every direction by outside forces, or simply, noise.

The cattle business is full of noise also. Marketing is constant, EPDs are too abundant and high dollar bulls are over hyped. It is easy to be on a different bandwagon year after year whether it is the hype of an AI sire or an EPD that many people want you to believe that higher, higher, higher is better.

Your Cow Herd should be created with these 4 factors in mind: **ENVIRONMENT**, **LABOR**, **MARKETING SYSTEM** and **PRODUCTION SYSTEM**. Begin with the fundamentals – Docile, Matching body type to environment & feed resources, Structural correctness and solid feet, Fault free udders, Fertility. Then tailor your vision to your marketing time and production system. Refine your focus on some of the traits that give you an advantage in your environment and your marketing system. Adapt and adjust but hold true to the solid basics to maintain a positive course.

In FFA leadership workshops, as youth we were introduced to goals and the importance of writing them down. That principle holds true as we rebuild the nation's cow herd and we each consider our role in that task.

Our family's directives are Functional, Docile, Fertile, & Productive. The Vision we're creating for our cow herd is docile females with an exceptional brood cow look, structural integrity, and generational maternal strength to efficiently wean a high percentage of their body weight without supplementation and the inherent ability to rebreed early.

We encourage you to utilize these proven genetics to plot your course and

Anyone attending this sale does so at their own risk. Vision Angus nor its agents assume liability for any accidents which may occur.

enVISION
Your Cow Herd in 2030...

PROGRESS MAY LIVE IN BALANCE, NOT IN THE EXTREMES.

Disciplined & Balanced Breeding Approach

- Customer Driven
- Sustainably Focused on the Future

Create a Vision for your Cow Herd

This two-year old Ellingson Rangeland daughter, represents our Vision for a cow herd that is built upon real-world function and females that are fertile, docile, productive and impressive to look at.

- **Functional**
  Structurally sound, good-footed, easy-keeping females with strong mothering ability and problem-free udders. Time is our most limiting resource and our mother cows should function with no to little assistance.

- **Docile**
  Family Friendly, gentle, problem-free, no-hassle cattle are a necessity. We all appreciate team members that come to work with a positive attitude, work hard and are easy to get along with. Our cattle shouldn't be any different.

- **Fertile**
  The number one profit-driver is a pregnant cow. It's essential that heifers, young and mature cows breed early and are able to maintain that pregnancy while foraging and thriving in their environment.

- **Productive**
  Not maximum . . . but productive. The end-product, whether it's feeder calves, replacement heifers or seedstock genetics should be a profitable outcome that represents your brand well without sacrificing the maternal traits needed to remain profitable.

Vision Angus

Evergreen 202 was our most treasured donor transmitting consistent phenotype, performance and real-world maternal function. Her greatest contribution and legacy lives on through her daughters, granddaughters and their progeny. It's surreal to see the resemblance of 202 through our herd generations later – That is prepotency! For those Angus history buffs - Evergreen 202 ties directly back to Woodhill Farms' infamous GT Miss Traveler 58, whose dam was GT Evergreen 312.

With mixed emotions we offer you Lot 1. We all have our favorites for different reasons, and we know when one comes along that is special. 245 is that one. She's the smart one, the leader, and the one poised to be an impactful matriarch. With utmost faith, we present the opportunity for you to make 245 your foundational Evergreen.
In her first, and only, flush she produced 16 viable embryos sired by Ellingson Prosper. AI'ing 245 to Bootlegger was intentional and the next step in creating a vision for our program.

Due to calve 1/25/27 to Vision Bootlegger 5001.

VISION BOOTLEGGER 5001 **$21,000 AI SERVICE SIRE** & 2nd high selling bull of our '26 bull sale that embodies the directives we follow: Functional, Fertile, Docile & Productive. Owned with Dean Weinman.

VISION RANGELAND 5022 **SON OF LOT 1** & $22,000 high selling bull in our '26 Spring Sale. Owned with Cole Gurney.

VISION SILVER 284 The dam of Vision Bootlegger 5001 – a 'Donor In The Making.'

We see so much good in Evergreen 642 – phenotypically, genetically and numerically. Backed by 3 generations of matriarch dams, she has the credentials to become a foundational dam. Her sire's full sister topped the '25 Gold Nugget Angus Sale at $50,000 for half interest. A maternal brother to Lot 1A, nicknamed 'Maternal Gold', was the $22,000 high selling bull in our '26 Spring Sale. Take a look – she's shapely with that exquisitely feminine front end we expect to see in our Evergreens.

GMAR RYEGATE M063 $27,500 SIRE OF LOT 1A
Ryegate transmits extra length, muscle, stoutness, breed character & docility with breed leading figures. Owned with Green Mountain Angus Ranch & Beartooth Angus.

ELLINGSON PROSPER $295,000 SIRE OF LOT 1B

Rangeland daughters have been our favorites among the second and third calvers with their correct stature, dimension, fleshing ability and udder quality. Our objective with this mating was to further enhance those attributes with 202's longevity, maternal prowess, exquisite femininity and wedge-shape. These 202 x Rangeland daughters are our vision and 414 is the best among them. She put everything into her heifer but still bred back for an early January calf. We believe she has what it takes to become a matriarch for any program.

Due to calve 1/16/27 to Ellingson Prosper.

ELLINGSON RANGELAND SIRE OF LOT 3
Every sire in his pedigree is known for producing excellent, functional females. Our Rangeland daughters are among our favorites!

VISION EVERGREEN 419 FULL SISTER TO LOT 3
419 produced one of our best '26 spring bull calves that will headline our March 1, 2027 Sale.

VISION EVERGREEN 454 MATERNAL SISTER TO LOT 3 & a member of our 2025 NWSS Grand Champion Pen of Heifers sired by Montana Judgement 1038.

HD50K

She makes a bold statement as to her mother's productivity and is the type of female you can confidently build a herd around. The Baritone heifers have a productive, cowy, easy keepin' look about them. The dam behind Baritone, JCH Lucy 0032, strengthens our faith in these genetics as she established herself as one of the most valuable donors at Montana Ranch the old-fashioned way – she earned it through her progeny.

LR BARITONE SIRE OF LOT 6A and a featured ABS Young Sire. Full siblings include a $60,000 top selling bred heifer & $55,000 top selling bull for Montana Ranch.

Seeing is believing – and this Evergreen 482 pair is a must see to understand how unbelievably good they are. What a testament to the legacy of our Evergreen 202 and 610 females. With each passing generation they get better and begin to write their own production history. Her maternal sire, Vision Overdrive 7001, has 39 daughters working in 7 herds with 84 progeny averaging 103 WR. Her Prairie Rain heifer, Lot 8A, is lights-out good! You can expect big things to come from this Judgement daughter.

Due to calve 1/17/27 to Koupals B&B Diverse 3181.

KOUPAL B&B DIVERSE 3181 $35,000 AI SERVICE SIRE OF LOT 8 and son of the legendary B&B Blkbd 3015. A calving-ease outcross sire destined to improve females, performance and real-world profitability.

MONTANA JUDGEMENT 1038 Revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity. His Pathfinder dam earned a progeny record of WR 7@103, YR 7@106 and RE 37@103.

2025 NWSS GRAND CHAMPION PEN OF HEIFERS
All sired by Montana Judgement 1038 with 2 of the 3 females from this same Evergreen cow family.

Elegant in her type, yet powerful from every angle and great footed is the best way to describe this royally bred, young donor. As a first calf-heifer, she delivered everything we asked of her and more: Calved at 2 years-of-age, flushed 2 times IVF and then bred on her first service AI to calve earlier next year. The genetics behind her for maternal greatness are real with her $220,000 dam maintaining a 6@351-day calving interval with a progeny record of BR 5@98, WR 5@108, YR 4@104, IMF 19@102 and RE 19@100.

Due to calve 3/16/27 to HF Hi-Country 7L.

Selling a pregnancy with the buyer's option to wait and select 1 of 2 ET calves & its recipient dam from this mating by April 15, 2027. Pregnancies are due 3/4/27.

A cutting-edge mating destined for maternal greatness! LT Flint is the $147,500 2nd high-selling bull of the '25 Lindskov LT Ranch sale selected by Mohnen Angus. Now featured in the Select Sires lineup, Flint is a full brother to our LT Prairie Rain 2002. The predictability of maternal efficiency and function doesn't get much stronger than this combination. Flint ranks in the Top 4% HP, 15% FL, 1% Claw, 1% Angle and 1% $M.

Selling 3 IVF embryos with a guarantee of 1 pregnancy.

This mating to the sensational $800,000 record-selling Koupals B&B Inevitable 509 is so exciting as it blends two of the breed's preeminent cow families – Blackbird Progress 3015 with Vision Rita 492, an Atlantis daughter of the $220,000 Montana Rita 9093. "3015" was a 5th generation Pathfinder dam recording a progeny WR 8@107, YR 7@107, IMF 61@99 and RE 61@101. Montana Rita 9093 earned a progeny record of BR 5@98, WR 5@108, YR 4@104, IMF 19@102 and RE 19@100.

Bred heifers built like Joy 540, phenotypically and genetically, is what fuels our passion for this business. The Judgement daughters are sized-right, capacious, feminine and sound with ideal udder quality and superb mothering instincts. You'll appreciate her from any angle and will be excited when her Flint calf arrives.

Due to calve 1/09/27 to LT Flint 4005.

MONTANA JOY 9330 DONOR DAM OF LOT 22
Joy 9330 is a maternal sister to Pathfinder sire Basin Rainmaker 4404 and has earned a progeny record of BR 4@95, WR 4@105 and YR 3@103. She is the dam of the popular Montana Jet 1271.

MONTANA JET 1271 $39,000 MATERNAL BROTHER TO LOT 22
Jet is a popular proven low birth weight and udder improving sire.

LT FLINT 4005 THE $147,500 AI SERVICE SIRE OF LOT 22
selected by Mohnen Angus and featured by Select Sires.

A Family Affair

SHOWING

A VISION ANGUS SHOW HEIFER OR STEER IS AN INVESTMENT IN YOUR FAMILY

Over the years, mom and dad believed they were **'Raising Us Kids, Not Cattle, In The Show Barn.'** It was the best way they knew to build our character, develop life skills and a network with others in an industry our family is passionate about.

Reflecting on my experiences showing cattle, I have a vision on how to make buying a show heifer or steer from Vision Angus both a rewarding experience and a profitable investment for your family. The long-term goal with our show program is to not only make **Quality Show Heifers** but to also make **Productive, Good Cows.** Every interaction with these heifers and steer, from start to finish, is handled in a way to provide your family with the **Best Experience Possible.**

We're willing to work with your family anyway we can after your purchase to ensure you have the best experience possible. Our family's goal is for young people to learn, develop life skills and become better at what they do.

Surround your family with good mentors & role models and remember that this experience should be more about the journey and not just the destination. – Austin & The Vieselmeyer Family of Vision Angus

HD50K

Arguably the most unique female ever produced from our herd. From day one this Capone daughter from a full sister to Vision Dr Phil 2025 has impressed with an elite look, tremendous center body mass and three-dimensional stoutness in every sense of the phrase. We always knew this one was special, but when she hit the picture pen her future got a little brighter. This heifer flat out shows herself off and does so on a big foot, sound set of running gear and a pin set you can see a mile away. We don't often flush a first calf heifer, but the writing was on the wall with her dam and this heifer at her side. There is even more in store for next year.

Reserving the right to one successful flush at the seller's expense and buyer's convenience.

Phyllis 685 might be the best combination in the sale of elite look, genuine dimension, capacious center body and the structure to take you to the backdrops. Calling her complete would be the understatement of the century. She brings all the look of her sister, Lot 35, but packs the power of a Mike Tyson punch. We could've drooled over her in the picture pen for hours with how well she walks the walk, and we can't wait to see her talk the talk. Phyllis 685 is a maternal sister to the $37,500 Dr Phil, the popular Phyllis 214, the $20,000 Phyllis 253 that was the '23 Nebraska Cattlemen's Classic Grand Champion Angus Female and Phyllis 413 – the dam of Lot 33. She's a true rival to our Phyllis 214 who we lost at an early age.

Reserving the right to one successful flush at the seller's expense and the buyer's convenience.

Park this one on the profile and it becomes pretty hard to poke a hole is this truly elegant and refined King Pin daughter. Smooth and feminine simply doesn't give this heifer the justice she deserves. The length and neatness of her front end is nearly perfect, the angles of her skeleton almost flawless, and the softness of her ribcage completes an elite silhouette. Oh and does she have hair! The greener of the two King Pin sisters but the foundation is there to build landmarks off of. Phyllis 688 is a maternal sister to the $37,500 Dr Phil, the popular Phyllis 214, the $20,000 Phyllis 253 that was the '23 Nebraska Cattlemen's Classic Grand Champion Angus Female and Phyllis 413 – the dam of Lot 33.

"Puppy Chow" – the sweetest and most gentle heifer, but disposition isn't the whole story. Pairing Frank Armour 4047 with the Phyllis cow produced an attractive, square made female that can compete in the show ring and offer mating potential on both sides of the aisle. She may be green right now, but the foot quality, genuine skeletal width and a balanced look will ensure a long show career fit for experienced or beginning showmen. Armour's grandam, O H L Angel 217-2, was campaigned by Alex during the 2012-2013 show season with multiple wins and later produced several Vision Unanimous 1418 daughters that went on to fill bull sale book pages with impressive sons.

WE'RE EXCITED TO WELCOME BABY V TO OUR FAMILY THIS OCTOBER!

HD50K

Elegance backed by success. PVF Capone took this daughter of Lady 649 to the next level with length, femininity and a silhouette to print stickers out of. A maternal sister to the $9,500 Vision Lady 539 currently being campaigned by the Blach Family of Yuma, CO and coming off a big day as Supreme Junior Breeding Heifer at the '26 CO State Fair. If you're after the biggest, square-footed heifer in the offering then look no further. Her dam has proven her own longevity eclipsing the age of 10 this year and consistently breeding up early. Show ring prowess and functional longevity all in one.

VISION LADY 539 MATERNAL SISTER TO LOT 37
and Supreme Junior Breeding Heifer, '26 CO State Fair for Adley Blach & Family.

The only Angus steer in this offering sure holds up his end on quality. This PVF Capone son brings style, stoutness and soundness together in a soft, easy-feeding package. From day one this calf has always strutted his stuff and caught the eyes of many visitors. Backed by one of the most intriguingly made Stunner daughters in the herd, he has the running gear to make the long haul, and the disposition to enjoy him along the way.

HD 50K

One of the stoutest and most dimensional females in the offering. The way she combines an ultra-neat front end with a massive rib cage and square pin set might be one of the most unique in this whole group. Pairing Capone and Good Times with the Erica cow family built to produce commercial herd sires creates a combination of production value and show ring style found few and far between most show heifer sales. As a first calf heifer, her dam still carries perfect body condition and bred up early.

Striking and expressive. This Vegas daughter is so neat fronted, bold ribbed and square hipped. Undoubtedly the more eye-catching of the two sisters and you won't sacrifice any dimension and genuine width buying into her. Square footed and sound, this heifer has a lot of potential. Maternal sister sired by BRDG Mahogany Prime sold for $9,000 in our '24 Ladies in Black Sale.

VISION LADY 481
Multiple-time class winner for Adley Blach & Family.
